REQUIREMENTS, SPECIAL INSTRUCTIONS AND/OR NOTES

- If a DNR permit is required, a copy of the DNR permit shall be submitted with the City application.
- Existing City utilities shall be disconnected with the supervision and approval of the Public Works Director. The applicant or contractor shall be responsible for contacting the City at (573) 365-5378 to coordinate any inspections.
- Demolition permits require a final inspection by the Building Department when the project is complete

I certify that I am familiar with the State and City requirements for the demolition of existing buildings. I further certify that I will schedule all required inspections and maintain a safe and secure job site for the duration of the project.
