Permit # _____

Company Name: _____

Billing Address: _____

What is water being used for? _____

Location of Project: _____

How Many gallon Tank is being filled? _____

Regulations:

1. Hydrants must remain off at all times unless filling.
2. A backflow device must be on hydrant at all times while filling and in proper working condition.
3. Must be able to show a current inspection on the backflow device before a permit will be issued.
4. A copy of the permit shall be kept with the user of the hydrant at all times. If permit cannot be supplied upon request the use of water will stop until proof of the permit is obtained.
5. A \$200.00 deposit is to be paid in full before any water will be issued.
6. If at anytime the backflow device is not on the hydrant while being used or the hydrant is left on, your permit will be revoked and your deposit will not be returned.
7. A hydrant will be assigned by the Public Works Director or Sewer/Water Superintendant.
8. Permit is good for 30 days, unless requested longer.
