Superintendent

Nathaniel Boggs

# MEET & GREET

## Your City of Lake Ozark Employees

Every morning, City of Lake Ozark Water and Sewer Department employees gather at the Utility Office under the big blue water tower adjacent on Mockingbird Road on W Road. Department head Nathaniel Boggs updates his co-workers, does some problem solving and makes assignments. Boggs has been with the city for 17 years, and officially became Utility Superintendent in 2008 after serving as interim

superintendent for two years. Boggs oversees the two departments, directs the staff, takes water samples and other duties associated with providing quality water and sewer service to Lake Ozark residents. A graduate of Iberia High School, he now lives in Tuscumbia. He and his wife have two children. In his spare time, Boggs enjoys watching his children play sports, hunts and fishes and spends time with friends.
